COTTON CANDY KIT / FCK800

The COTTON CANDY KIT from Nostalgia Electrics™ is a fun and easy way to make sweet, sugary cotton candy from the comfort of home. Watching the deliciously flavored sugar spin into fluffy floss will delight people of all ages! This kit works great with the Nostalgia Electrics™ brand cotton candy makers. Kit includes:

- 4 Reusable Cones
- 10 Clear Plastic Bags & Ties
- 1 – 7-oz. Blue Raspberry Cotton Candy Sugar
- 1 – 7-oz. Pink Vanilla Cotton Candy Sugar
- 1 – 7-oz. Sour Apple Cotton Candy Sugar

HOW TO MAKE COTTON CANDY

1. Turn your Nostalgia Electrics™ Cotton Candy Maker to ON position and allow appliance to run for at least 10 minutes before adding sugar. This will allow the Extractor Head to heat.
2. Turn unit OFF and place no more than 1 tablespoon (½-oz.) of the flavored Cotton Candy Sugar into the extractor head.
3. Switch unit to ON position.
4. When you see the cotton candy web begin, collect the cotton candy on the cone by holding the cone vertically. Rotate the cone with your fingers while you circle the bowl.
5. Once cotton candy has collected on the cone, hold the cone in a horizontal position over the Extractor Head while still rotating the cone with your fingers. Continue turning the cone with your fingers while the cone is in the horizontal position and move from side to side making sure to collect all the cotton candy.
6. Repeat above steps by adding 1 tablespoon of sugar into the Extractor Head and starting again. The cotton candy should flow more quickly as the unit is sufficiently warm.
7. Enjoy!

HELPFUL TIPS

- Only add 1 tablespoon of sugar at a time.
- Make sure the sugar is level after pouring into the Extractor Head.
- The faster the Extractor Head spins, the better the result.
